

GREENR

Global Reference on the Environment, Energy, and Natural Resources

Address students' growing needs

From the emerging green-collar economy to enduring questions of climate change, environmental issues are shaping the future across the United States and around the world.

For students and educators motivated by a cutting-edge approach to environmental and sustainability topics, Gale delivers *GREENR* – an authoritative, intuitive resource that combines news, unique commentary, audio, video, primary source documents, images, conference reports, statistics and more into a Web-like experience.

Updated daily, *GREENR* meets student and faculty needs with:

Resources suitable for secondary school assignments, including AP- and IB-level coursework in science, history, social studies and more

Support for individual or class-wide environmental projects and student-activism efforts

Intuitive navigation that engages novice and expert users alike

Customizable homepage including personalized logins that “remember” users’ preferences

An interdisciplinary portal supporting the secondary curriculum

Browse Issues and Topics: Hundreds of selections are logically categorized to facilitate search success

Featured Video: New videos posted weekly

Customizable World News: Users can choose sources most relevant to them

Discover the center of green research

GREENR (Global Reference on the Environment, Energy, and Natural Resources) brings a balanced assortment of multimedia that delivers:

The content that empowers users

- Hundreds of English-language international newspapers, magazines and refereed journals, more than 90% full-text
- Recognized sources of videos, podcasts and images, updated daily
- Information that can help students assess future education and career paths
- A variety of search and browse options

The technology that gets results

- Interactive maps that facilitate browsing by country or topic
- Sharing capabilities via social networking sites
- Customizable news and journals on the homepage to accommodate specific search needs

The portals to greater understanding

- Country portals covering more than 160 nations
- Topic/Issue portals in more than 150 categories, from animal welfare to wind energy
- Organization portals providing overviews and links to international associations
